

# STOP THE PROPOSED WEST OF BRAINTREE NEW TOWN HOUSING DEVELOPMENT

Do you want a  
development  
of **13,000**  
houses in  
your parish?

(see [www.sercle.org.uk](http://www.sercle.org.uk) web site for more detailed map)

This map shows the potential area for the first 8,000 houses. Where will the other 5,000 go?

*Stebbing, Felsted, Bardfield Saling, Great Saling, Rayne?*

Make your voice heard and protect your community  
Sign the petition via [www.sercle.org.uk](http://www.sercle.org.uk)

Stop the Erosion of Rural Communities in Local Essex

(Stop the Erosion of Rural Communities in Local Essex)

### What is SERCLE?

- A campaign group of local residents from Stebbing, Great Saling, Bardfield Saling, Rayne, Shalford, Felsted and the wider region.
- We communicate our aims via a Facebook page, website, on-line / paper petitions and email

### What are our aims?

- To raise awareness of the size and location of the proposed new town housing development in the West of Braintree rural area. The impact of this proposed development **WILL** affect the wider region with an increase of traffic on all our roads, pollution etc
- To preserve over 2,500 acres of arable land, our cultural heritage (inc. Andrewsfield), sensitive ecologies (inc. Boxted Wood, an ancient woodland), and the character of our rural villages
- To respond to district council consultations demonstrating how inappropriate and unsustainable is the proposed development in this area

### What can YOU do?

Support our campaign by:

- Signing our petition against the development
- Learning more about our campaign by going to the SERCLE Facebook page and adding your support
- Visiting our website where SERCLE will provide guidance to respond to both Braintree's and Uttlesford's local plan consultations and help you to **MAKE YOUR VOICE HEARD!**
